EXPRESSION OF INTEREST

(Making of Colour correction studio, Sound design studio and Preview Theatre)

The Films Division invites Expression of Interest; from qualified and experienced companies for technical suggestions in finalizing the scope of work and specifications or undertaking Upgradation/ Renovation and preparation of detailed project report for the following works:

A. Setting up of Colour Correction / Grading Studio, in Re-Recording Studio I (RR I) in Phase II building, Films Division, Mumbai :

- The existing studio is to be converted with minimum possible civil work into a state-of-art colour correction / grading studio for digital / video media
- The Studio should be equipped with professional grade digital projection and basic surround sound facilities.
- The hardware and software should be specifically mentioned along with versions and additional support required in terms of power, air-conditioning and other infrastructural services.

B. Setting up of Sound Designing Studio in Re-Recording Studio II (RR II) in Phase II building, Films Division, Mumbai :

- The existing studio is to be converted with minimum possible civil work into a state-of-art Sound Designing Studio with facility for sound design for Dolby and DTS sound system.
- The Studio should be equipped with basic digital projection and professional grade surround sound facilities.
- The hardware and software should be specifically mentioned along with versions and additional support required in terms of power, air-conditioning and other infrastructural services.

**C. Upgradation of Preview Theatre in RR-III :**

- This theatre is to be upgraded and refurbished as preview theatre with professional digital and sound system equipment both for film and digital media.
- Creation of stadium seating and enhancement of screen can also be considered, if viable.

- The theatre has existing projection for 16mm and 35mm films with mono sound.
- Other basic infrastructure upgradation required such as acoustic treatment, fire protection, etc. should also be included.

**D. Upgradation of Films Division Auditorium at Mahadeo Road, Delhi :**

- The existing Films Division Auditorium is to be completely renovated.
- It would require laying of a RCC slab roof, creation of proper stadium seating, acoustics state-of-art film and digital projection system with 7.1 Dolby surround sound. The present capacity of the theatre is 125 seats, it should be increased to 150 / 160 seats.
- The accompanying toilet block is also to be renovated.
